

# How to Book/Ask Questions

---

Alex's family in Greece is in the tourism business (Four Ways Travel). They have graciously offered to help coordinate accommodations for those who wish to attend the wedding. Some may wish to look for your own hotel/car stay, but those who prefer to book with Four Ways Travel are offered special rates negotiated at several locations in the region. Some offer a more "bed and breakfast" feel while others are more traditional hotel types. They can also be more secluded to to the more village or urban type. All rates are on a per night basis, with the exception of Sofia's House, which is the rate for 7-nights in total. Feel free to reach out to Thekla Kammenou (Alex's cousin) to request a booking or ask any questions, should any of the accommodations listed here be of interest to you. For some accommodations, it is highly recommended to hire a car in order to make getting around a little easier (please note that most vehicles in Greece are manual transmission). For more questions or concerns, just ask...we're here to make sure your stay is as easy as possible.
